Message from the President

At a recent Bay High Basketball game, technical difficulties took us on a journey back through time. Both teams lined up and the crowd stood for the National Anthem. Awkward silence. No Anthem on the PA system. Then someone shouted "We'll sing".... and we did. It may not have been The Mormon Tabernacle Choir, but we got pretty good by the "Home of the

Brave". The next night, our own Chelsea Whitehead, blew the crowd away, with her fabulous solo rendition. Both versions were followed by outstanding games by the Rockets. It was a spirited, sportsmanlike competition, in a friendly, community atmosphere, with our neighbors just over our western border. On top of that, the large student section did Bay proud throughout.

My point: Turn off the twenty-four hour "bad news" channel, and make your way to Bay High. You don't have to make a mortgage payment to see our terrific young people compete for the love of the game! That kind of spirit takes me back to the days when, even before the JV game started, kids were sneaking in through locker room windows, to pack into games in the old gym. The gym got bigger and a lot more sports teams spread out the crowds, but the spirit remains.

I consider myself very lucky, to be able to be a part of a long time Rocket tradition. With more and more young Bay High Alumni returning to raise their families here, I look forward to continuously brighter future. Stay involved, show your colors, and sing like no one is listening. You won't have to sneak in, but make sure you are in time for the JV game, and see if you can identify our future "phenoms".

By the way, when you do wear your colors, pin a little card, with your graduation year printed on it. You are a member of a very special group of people.

Homecoming 2018

Bay Alumni Foundation members: Peggy Joyce '78, Nancy Mitchell '77, Judy Krueger '66, greet alumni at the BAF tent at homecoming.

Bay Alumni Foundation Activities

Field of Dreams Phase III

The Plan

The goal is to construct a plaza and 4,000 sq ft building at the stadium. Plans include a plaza, a new concession stand, new restrooms, a home team room, a visitor team room, and a spirit shop.

The Location

Preliminary architectural drawings have been completed, yet the final location has not been chosen yet.

The Cost

The total cost including infrastructure is projected to be one million dollars. The Bay School Board has pledged \$400,000 and an additional \$250,000 has already been pledged by private donors. The committee believes they can raise an additional \$100 – 200,000 from corporate and private donors. They have asked the Bay Alumni Foundation if we would reach out to our 14,000+ alumni to help raise an additional \$150,000 – \$200,000 that is needed to move the project forward. We have agreed to take on this effort and could surely use your help.

Class Challenge

Whether you were affiliated with the athletic programs during your years at BHS or were part of the band, cheerleaders, Rockettes, or a participant at the events, we all share a passion in our school. We will be running a campaign by class year to raise the necessary funds. A target goal has been set for each class, ranging from \$500 to \$5,000, dependent on the class size and the graduation year. Your class representatives will communicate to you. The challenge will run from Nov 2018 to Nov 2019. Each class that meets their goal will be listed on a plaque that will permanently hang on the building.

Bay Village History

History of Lakeside Cemetery

Tragedy struck the small community of Dover (Bay Village, Westlake and the southern portion of North Olmsted) one April afternoon in 1814 when Rebecca Johnson Porter, her infant son Dennis and George Smith drowned. The boat they were riding in overturned at the mouth of the Rocky River. They were returning from a trip to Cleveland accompanied by Noah Crocker. Reuben and Sarah Osborn, Rebecca's sister, were devastated and thus donated a portion of their land next to Rebecca's house for a public cemetery where her sister and nephew could be buried.

The "Original Portion" is comprised of six rows. As the community experienced an influx of families moving in the area, the Trustees of Dover purchased additional land. Land to the east, north and west was

Fall Sports

Bay High School Athletics and their teams continued to set the bar high this past fall. Football, boys soccer, boys cross country, and girls soccer were crowned Great Lakes Conference Champions. For football it was their 4th GLC Championship in a row. For boys soccer and boys cross country it was their 3rd GLC Championship in four seasons. For girls soccer, it was their 4th GLC Championship in four years as well. The football team was led by Ron Rutt (Bay Alumnus), the boys soccer team was led by Bobby Dougherty, the boys cross country team by Steve Babson (Bay Alumnus), and girls soccer was led by Beth English (Bay Alumnus). All four coaches were named "Great Lakes Conference "Coaches of the Year".

More great accomplishments took place this past fall. Football finished the season at 8–3 and qualified for the O.H.S.A.A. Playoffs in Division 3 for the 5th year in a row. They hosted Sandusky in the first round of the playoffs in only their second home playoff game in school history, losing a tough game 34–14. Senior Max Showalter earned First Team All-Ohio honors and senior Francis Sherman earned Third Team All-Ohio honors.

Boys soccer were crowned O.H.S.A.A. District Champions in Division 2 for the 5th year in a row. They also made it to the O.H.S.A.A. Regional Finals losing a heartbreaker to Revere 4–1 in penalty kicks. Junior Kyle Cusimano earned 2nd Team All-Ohio honors while senior Cade Gergye earned "Co-Player of the Year" for Division two honors along with First Team All-Ohio honors. In addition, Gergye also earned All-American honors by the United Soccer Coaches.

The boys cross country team was crowned O.H.S.A.A. District Runner-ups. In addition, the team qualified for the O.H.S.A.A. State Championships and placed 4th as a team. Athletes representing the team in the State Meet were Jude Ault (sophomore), Sam Diamond (senior), Khaled Hamil (junior), Trevor Ifft (junior), Everest McKenna (senior), Ivan Slyepkan (senior), Will Warren (sophomore), and Sam Young (sophomore). In addition, Slyepkan (14th), Hamil (24th), and Ault (27th) all earned First Team All-Ohio honors based on their place in the State Meet.

Finally, the Girls Soccer Team had a tremendous run through the Playoffs this fall. They made it to the O.H.S.A.A. State Championship game in Division 2 after defeating Lake Catholic 1–0 in the Semifinals. They went on to lose a hard fought game 1–0 to Indian Hill in the Championship. Senior Maeve Johnston earned First Team All-Ohio honors. In addition, Assistant Coach and Bay Alumnus Sean Egan earned Greater Cleveland "Assistant Coach of the Year" honors.

Light the Night Brings Bay Together for Cancer Cure

Bay High students showed their love for their fellow students and others fighting cancer. They lined the stadium track and walkway to the high school with 1,200 luminaria and collected donations. After a ceremony honoring their fellow student/patients representing every school in Bay Village Schools, they presented a donation of more than \$7,500 to The Leukemia and Lymphoma Society, letting their classmates know for sure that "No One Fights Alone." Bay High Emerging Artists!

Four Bay High student artists are included in the Ohio Art Education Association's 153-piece "Emerging Artists exhibit! The 153 (out of 240 pieces submitted) selected for this juried show come from nine OAEA regions in the state of Ohio. Congratulations Samantha Gully, Page Lucas, Isabel Juhasz, and Una Willhoite!

Bay High art teacher Cherie Bauer had "Narrative of Fear" accepted into OU's State of the Arts exhibit. Also accepted is Bay High student Jenna Goff's "Just Playing."

"Narrative of Fear" is an acrylic painting on paper that consists of layers of texts and image. The image is purposefully whimsical in nature, almost a cartoon, expressing frustration at and wishing to throttle or at least pounce on the unbridled, unfiltered, unthinking use of social media, in particular Twitter by society in general. The immediacy of social media has allowed for an unprecedented amount of reactionism without accountability resulting in a destabilization of social norms and behaviors. This current destabilizing rhetoric a kind of narrative of fear, is more about creating a sensation than speaking the truth. One quote "trivializing the momentous and complicating the obvious" seemed particularly apropos to this phenomenon.

An A for Bay on Ohio Report Card!

Bay Schools earned an "A" on the Ohio Report Card. Bay ranked 6th of 31 districts in Cuyahoga County, and 16th of 609 districts in the State of Ohio, on academic achievement based on state test scores.

“In My Day”—A Video of BAF Members

Your BAF has initiated a series of videos capturing memories from BAF members from their time in Bay, and specifically their years at Bay High School. The series is called *In My Day* and is accessible from the [BAF web site](#) or the [BAF Facebook site](#). When using the website, scroll down on the landing page and you will see the video. Once you click on that video you will be able to access many more. We have had wonderful participation, with graduates from the 1940's to present day. Some of the memories and stories will surprise you for sure. This information is timeless and entertaining. Our goal is to try to produce a new set of videos every two weeks. If you know of a group that would be interested, please let us know. Thank you to all participants!

Past Reunions

The class of '98 got together over the Homecoming weekend for our 20th reunion. Friday's festivities included riding in parade and throwing candy, attending the football game and finishing at the Ironwood. Saturday the class came together at The Orchid Room at Millers Nature Preserve in Avon for food, drinks, catching up and lots of laughter! We had attendees from all over the country come back and even had one of our exchange student classmates from Germany attend!

Thank you to all that attended! We know we speak for everyone when we say it was so good to catch up with everyone in person. Even though we have social media, there is nothing like reconnecting with someone face to face. See you all soon!

purchased from David Deforest Osborn, Reuben's grandson, in 1877 for \$9.97. He also signed a quit claim deed, receiving \$1.00 for the original portion. There was an additional 28' strip to the east that was purchased from Charles and Babette Hassler. The recently purchased land was subsequently divided into plots that were sold for around \$5 to \$6. All were sold except for the northwest corner which was designated as "Potter's Field". Records began after the expansion of the cemetery in 1879. The majority of the burials that are included in the records were from 1879-1919, but this list is not complete. There are just over 270 known burials, with many probably unmarked in the "Original Portion".

Attention has been drawn to the cemetery in the last nineteen years which has included an Ohio Historical Marker being erected, the fence replaced, veteran's markers installed, signs erected, stone benches created and appropriate plantings installed. Although few burials have occurred in the last sixty years or so, the last burial was of Betsy Martin, wife of T. Richard "Dick" Martin, former City Council President in 2016.

Books that are available for additional local history and information regarding the cemetery are: *Retracing Footsteps Lakeside Cemetery, Bay Village, Cuyahoga County, Ohio* by Catherine Burke Flament and *Bay Village a Way of Life* by the Bay Village Historical Society.

Why is Wolf Road So Curvy?

Curves on Wolf Road headed east. If you look at an old map of Dover Township, you see that Abraham Tappan laid out the township in 97 lots. Bay Village consists of the lots from No. 81 to No. 97. Some Bay Village farms were narrow in width, 500 feet east to west, but many acres long going south from Lake Erie. Many built their home on the north side of Lake Road with the farm acreage spreading out in front of them.

Such was the Osborn farm. Reuben and his grandson, Reuben, who inherited the property at 29202 Lake Road, were farmers. In 1880, the U.S. Census tells us that the younger Reuben owned 61 acres of land, mostly in Lot No. 93 from the lake south, to where Osborn Road is today. He grew hay, wheat and potatoes. He kept two horses, three cows, three steers, 32 sheep, seven pigs, and 75 chickens on his farm. He had two acres in fruit trees, bearing him 325 bushels of fruit from 125 apple and peach trees, and one acre in vineyards. As you can see, every acre was accounted for on Reuben's farm.

Lake Road meandered west in front of his house, so Reuben crossed the street every morning to walk to his barn. In 1897, the Lake Shore Electric Interurban laid tracks west not more than 500 feet in front of Reuben's front door. Now he crossed Lake Road and climbed the cinder embankment of the interurban tracks and water ditch, to get to his fields on the far south side of his property.

Consider Bay Alumni Foundation in Your Planned Giving

Throughout the year, a common question asked of the Bay Alumni Foundation is whether we have a planned giving program. The answer is yes, and we would encourage all alumni to consider BAF as part of your plan. BAF is a 501(c)(3) non-profit organization and a gift to BAF will be eligible for a tax deduction. A charitable bequest is simply a distribution from your estate to BAF through your last will and testament. There are several options for the design of your bequest, and there are several opportunities to position your legacy through BAF. Additional details are on the [BAF website](#). Thank you for your consideration and support.

"Wolf" continued from pg 4

In the early 1900s, the village decided they needed another east/west road between Cahoon and Bassett Roads. At that time you traveled east/west on either Detroit or Lake roads. The Osborns allowed Osborn Road to pass through the south end of their property.

Wolf Road came along in the early 1920s. The road was laid from Clague to the bridge over Cahoon Creek. Then the village ran out of money. The roadway wasn't talked about again until the late 1920s. To continue west, the roadway would pass just north of Parkview School and Cahoon Memorial Park. The next property west was the Osborns. The new roadway was going to leave 150 feet here and 50 feet there and cut off corners of their lots if it cut straight through.

The Osborns objected to again having another structure running through their fields. They weren't the only ones objecting – the Aldrichs, Drakes and Sadlers were also opposed. It was finally decided that the roadway would accommodate all the farmers who had objections and make right and left 90-degree angles around the borders of the properties if needed. Hence, the curves in Wolf Road. Continuing west, the roadway straightened out again.

Today, the 90-degree angles in Wolf Road have been replaced with nicely rounded curves. The same conditions created the 90 degree angles that still exist today on Bassett Road, south of Detroit, in Westlake.

Sometimes the farmers got their way.

Thank you from the Bay Alumni Foundation

As you know, the Bay Alumni Foundation relies on the support of all of our alums to keep doing our work. I just want to say thank you to all of the alumni who make donations. We have a few alums who have set up recurring payments through PayPal each month, monthly bank payments, and we have many alums who donate in memory of a classmate or teacher who was part of their time in Bay schools. Many of you send donations at random times during the year and it means a lot for the organization.

Thank you to the local alumni who have attended the first two Alumni Madness bowling events which helps us fund scholarships to graduating seniors. We hope more and more people will come enjoy a fun evening and help us keep those scholarships possible.

As we approach the end of the year, please consider to include the Bay Alumni Foundation in your year end giving plans! BAF is a 501(c)(3) non-profit organization and a gift to BAF will be eligible for a tax deduction.

This year has been busy for BAF and we are actively planning for 2019. Without your support, we the alumni, couldn't keep making an impact on our community, the schools, the students, and helping us all stay connected!

I feel lucky to have grown up in Bay and I'm proud of the deep roots we all have planted. Many thanks to all of you!
