

Judy Krueger '66
 President

Message from the President

Wow! I wrote my article for this issue about 10 days ago and now our world has certainly changed! I am sitting in my home office with my daughter working behind me. As of today, she is working from home as her company's system is not set up for WiFi connection yet so she's tethered to the router/modem in my office. Schools are operating remotely, restaurants and bars are closed for all but carry

out and toilet paper is the hottest commodity in stores! It's a real study in human nature to go to a grocery store this week – no toilet paper, no hand sanitizer, no disinfectant soap of any kind, no sugar, no rice, no ramen noodles, no crackers, no canned beans, and no buttermilk (why buttermilk?). The primary election in Ohio that was scheduled for March 17 was postponed at the last minute and delayed until June. These are strange times. I find myself shocked when I realize as they talk about the elderly and how anyone over 60 is at risk and neighbors need to check on elderly neighbors. OMG... they are talking about me! We are all affected in different ways and the hardships being caused are heartbreaking for some. But we will get through it all and learn lessons along the way. Being part of a great community and seeing people pull together is amazing. "Grab and Go" meals for those in need were organized and put into effect in just a few days. I'm humble and grateful for the people making the tough decisions. Thanks to my family and friends for the laughs and for keeping things in perspective!

As part of the Alumni community, we are especially aware of how this affects the students, the staff, and the schools but I keep thinking about the senior class. The end of your senior year is so special. We all have memories of those final months and the anticipation of prom, last games, last concerts, last play, plans for graduation, plans for next year, final everything. This is a very different experience for the Class of 2020. We all hope that schools will open again this school year but if not, they will have lots of stories for their future reunions!

See "Message" on pg 4

Do You remember 1920?

Let's take a look back and recall what happened 100 years ago.

In Politics:

- 18th Amendment to the Constitution went into effect which outlawed the production and consumption of alcohol, ie Prohibition began
- 19th Amendment to the Constitution passed giving women the right to vote for the first time

In Music, Entertainment, and Sports:

- The Cleveland Indians won the World Series 5 games to 2 (best of 9) over the Brooklyn Robins
- Akron Pros were NFL Champions based on win/loss percentage; no playoff games until 1932
- The Ottawa Senators won the Stanley Cup 3 games to 2 over the Seattle Metropolitans
- The U.S. came away from the Summer Olympics in Belgium with the highest total medal count

See "Remember" on back cover

Bay Alumni Foundation Activities

Bay Alumni Madness Rescheduled!

In accordance with the guidelines of the state of Ohio and the CDC, the Bay Alumni Madness bowling event has been rescheduled to **August 8, 2020**.

Alumni Madness is the foundation's only fundraiser for Senior Scholarships. Even if schools remain closed, the Bay Alumni Foundation will still award three Bay High Senior Scholarships in May. The foundation will continue to thrive because of the strength and devotion of our alumni members. As always, we are grateful for your extraordinary and ongoing support.

If you haven't registered or could not make the March date, here's an opportunity to attend and/or donate for the August event. Let's rally now more than ever to support this cause as the students may also be facing hardships after these challenging times.

We will be looking to take a break from the hot dog days of summer in our "cool" Bay Lanes! Let's bowl and socialize ... so circle the new date of August 8!

This will also patronize Bay Lanes after a long term closure. As small as the village is, Bay is fortunate to still have a bowling alley! To register or donate visit: bayalumnimadness2020.eventbrite.com ~ **Cristine Marco Hoffmann '75**

Bay History

It's Maple Sugar Time in Connecticut's Western Reserve

We love our "real" maple syrup on our morning pancakes.

In America, maple syrup is a staple in the pantry. Maple syrup/sugar is truly an American crop. Both maple syrup and maple sugar were items of barter among the Indians living in the area of the Great Lakes when the early settlers arrived in this country.

The Osborn family writes in their memories: "The Indians also furnished a tolerable amount of maple sugar (syrup). Sarah objected a little to using it, on account of cleanliness, for the Indians used to boil their bacon in the sap without skinning the hide, and the hair would come off, which looked rather unpalatable in tea. Some of the squaws were so nice, however, they would strain the syrup through part of their dress and the difficulty would be alleviated. Sometimes the dress was so dirty and full of holes they could not strain the syrup."

It takes at least a barrel, 32 gallons, of sap to make a gallon of maple syrup. Maple sap as it comes from the tree is a sterile, crystal clear liquid with a sweet taste. The light amber color and flavor we are familiar with is the result of chemical reactions from substances in the sap brought about by heat as the sap boils.

Growing up in Bay, our acre yard at 31011 Lake Road contained 7 maple trees. Dad decided one year we would tap the trees. He purchased spikes which were then pounded into the trunks of the trees. Pails were hung for collection. Everyday we gathered sap for the maple syrup.

In the basement we had a two-iron gas burner next to the furnace. Mom had a large metal pot which we poured the sap into and started cooking. The sap was boiled each day it was collected down to a syrup. It took a long time. We enjoyed our maple syrup that year, but never again. It was just as easy to go to Chardon and buy it, which we did from then on.

See "History" on back cover

Winter Sports

The winter sports season provided Bay High School with many outstanding accomplishments by our athletes.

The **Hockey Team's** season was highlighted by goalie Lauren Schwartz breaking the school record for most saves in a game with 63 saves. The team is led by Ian Skacan.

Although the **Boys Basketball Team**, led by Head Coach Jared Shetzer, had a challenging season with respect to wins and losses, the season was highlighted by a 47 point effort by junior Ashton Price. Ashton broke the school record for most points in a game, previously held by John Peters back in 1972. In addition, the team broke the school record for most points in a game with 107 points vs. Valley Forge on the same night. Ashton also earned Division II All-Ohio Honorable Mention honors. Finally, Michael Beauchesne, junior varsity player, was awarded the "Jersey Mikes Courage Award" given out to one high school male and one high school female nationally by Huddle Tickets.

The **Wrestling Team**, for the third year in a row, hosted the OHSAA Sectional Wrestling Tournament where they earned Sectional Runner-up honors. In addition, they qualified two wrestlers as alternates to the OHSAA State Tournament. Those individuals were Stephen Tepper (106 lbs, senior) and Klevin Mici (285 lbs, senior). Finally, head coach Ryan Cover earned his 100th win as the Bay Rockets head coach.

The **Girls Basketball Team**, led by head coach, John Curran was crowned OHSAA District Champions for the third year in a row. Senior Haley Andrejcek earned Division II All-Ohio Honorable Mention honors. The team also broke several school records. The team broke the record for most 3-point field goals in a season with 160 field goals along with accumulating the most wins in a season with 20 wins. Senior Barbara Aldridge also tied the school record for most 3-point field goals in a game with 8 and most 3-point field goals in a season with 57.

The **Swimming and Diving Team** qualified 4 swimmers, 1 diver, and 3 alternates for the OHSAA State Swimming and Diving Championships. Members of the girls team that qualified were Nina LaRosa (so.), Claire Lindway (so.), Maja Miedza (sr.), and Kelsey Reid (sr.) in the 200 Medley Relay and the 200 Freestyle Relay. The 200 Medley Relay finished 10th and the 200 Freestyle Relay finished 12th. The 200 Freestyle Relay broke the school record at this meet. Maja Miedza also qualified in the 50 Freestyle and the 100 Freestyle where she placed 6th in the 50 Freestyle and 10th in the 100 Freestyle. Maja earned All-Ohio honors in the 50 Freestyle. Abbey Donahue (jr.), Danielle Gaudino (sr.) and Jossi Meaux (jr.) were alternates. Sophomore Liam Pellow represented the boys team in diving and finished 17th. Finally, the Girls Swimming and Diving Team were crowned Sectional Runners-up.

The Great Lakes Conference will be adding three schools over the next two years. Starting in 2020-21, Lakewood will be joining the league. Then in 2021-22, Westlake and North Olmsted will be joining the league. Several past rivalries will be rekindled with the addition of these three schools. Current members of the GLC are Bay, Buckeye, Elyria Catholic, Fairview, Holy Name, Normandy, Parma, Rocky River, and Valley Forge.

Finally, the Home of the Rockets campaign is in full force. Currently, the campaign has over \$1 million in donations and is well on its way to the \$1.6 million goal. With your help, we can meet the fundraising goal by April 30, 2020 and break ground immediately following the 2020 fall sports season. For more information about the campaign and to donate go to www.homeoftherockets.org.

For the most up-to-date information and scores for Bay Rockets sports follow us on Twitter @Bayathletics or on the [Bay Athletics website](http://www.bayathletics.com). ~ **Matt Spellman, Athletic Director**

Winter/Spring Music Program

At this time, BMB is uncertain that it will be able to hold its annual Ballroom Blitz, which is scheduled for April 25. This event is traditionally BMB's second largest fundraiser each year. Stay tuned for updates, and thanks to the entire Bay community for supporting these outstanding programs. During these challenging times, we especially ask if you will consider donating to the [Bay Music Boosters by clicking here!](#)

The Bay Music Boosters have continued to support the Bay Village City Schools outstanding music program, which has had a busy semester. Bay High School hosted the Great Lakes Conference Honors Band and Choir. The Honors Band had the opportunity to work with Dr. Gary Ciepluch, former Director of Bands at Case Western Reserve University, and founding director of the Cleveland Youth Wind Symphony. The choir clinician was Dr. Brian Bailey, Director of Choirs at Cleveland State University. BMB helped host the event, providing meals for the students and teachers, and volunteers throughout the day. The day culminated with a concert featuring both ensembles conducted by the respective clinicians.

The Bay High Bands, Orchestra, and Bay High School Choir participated in the regional OMEA large group contests in February and March. Each group received either a "superior" or "excellent" rating.

Bay High students also participated in the OMEA solo and ensemble festival. Many students performed solos. In addition, small group ensembles, including the Choraleers and strings Honors Quintet, performed at the adjudicated event held in February at North Ridgeville HS.

Bay High School Band Director Darren Allen was inducted into Phi Beta Mu National Bandmasters Fraternity at the OMEA statewide Professional Development Conference held in late January in Cincinnati. But Mr. Allen's

1960 60th Reunion Celebrates 60! Save the Date! August 28–30, 2020. All events will be held at or near Sweetbriar Legacy in Avon Lake with suggested hotels nearby. Mark your calendars now, contact a classmate to join you in 2020 and be sure to update your email address with Nancie Clouser Waldron at BHS1960@aol.com or Gerry! Have questions or suggestions for the reunion? Anyone interested in going to an Indians vs Yankees game not in nosebleed territory? Contact Gerry Reese Juergens at gjuergens@gmail.com.

1965 55th Reunion on the weekend of Sept. 18 & 19. Friday night's gathering will be at Ironwood in Westlake and Saturday evening at the Fuller House in Huntington Park. For inquiries please contact Dee or Jody Krueger at Jdkruegs@sbcglobal.net.

Class of 1970 50th Reunion will hold its 50th reunion the weekend of Aug. 28–30, 2020. Friday night will be a backyard pig roast; Saturday will be an evening picnic at Cleveland Yacht Club; Sunday options are brunch at the West End Tavern and a Cleveland Indians game against the New York Yankees. For more information email bayhigh70@gmail.com or visit the [class Facebook page](#).

Class of 1980 40th Reunion Save the Date! main event will be homecoming weekend and main event on Saturday, Sept 26, 2020. Details to be determined.

Class of 1981 40th Reunion Save the date! Sept 3 & Sept 4, 2021 (Labor Day Weekend). Reunion party at Bay Arts on Friday evening followed by events on Saturday. Details to follow in the Shoreline and on the Official Bay High [Class of 1981 Facebook Page](#). Reunion Committee: John Andre, Sally Britton Gerycz, Karen Laurson Davies, Lisa Lowrie Andre, Julie Newman Hanhauser, Vickie Savoca Stutson, Mike Walters.

Class of 1990 30th Reunion Looking for classmates who would like to volunteer to spearhead and/or help to get a committee together to plan. Contact Kerri Baker Colwell at: kerrimbreen@gmail.com or 216-633-6815.

Class of 2000 20th Reunion Save the Date! 20 year reunion will be homecoming weekend September 25–26, 2020.

Class Representatives

We have spent a lot of time this year verifying our list of class reps – many thanks to Eve Ershek Uhland who did a great job! Class reps are the backbone of the Alumni Foundation. What does the job entail? The main objective of each Class Rep is to keep track of all their classmates' contact information and communicate with their class as needed. For many classes, the class rep is in charge of planning reunions – they form the committee and get things moving! When you graduate, the class president becomes the Class Rep. But that can change as life gets in the way!

We have confirmed that we need class reps for the following classes:

1941, 1944, 1947
1950, 1951, 1953, 1959
1986
2014, 2015, 2016, 2017, 2018

If your class is not on this list, but you haven't heard from a class rep for years, please go to our [website](#), click on Class Info, then click on Class Reps. You will find the name of the rep for your class. If you reach out to that person and they are not interested in doing the job, let us know. If you are willing to do the job and have your name listed on the website, let us know!

Our job at BAF is to keep us all connected to the past, present, and future! Being in touch with all of you is vitally important – it's what we do! We keep a database of contact information for all alums. We need your help to make sure our information is current. For those who graduated before 1975, you have the option of having your Shoreline sent to your home address – so please let us know when you move. The post office does not forward mail that is not first class and we pay a fee for every returned Shoreline. Please note: If you go away for the winter and forward your mail, we need to know so your Shoreline is not returned. For those who graduated after 1975, your Shoreline comes to your email address – but there is no "change of address" notice for email addresses. If your email bounces back, we have no way to find you. Please help us stay in touch by making sure we have your current contact information. (We do not sell or share our list with anyone.) ~ **Judy Kelly Krueger, President**

A Word from Alumni

1948 Jean Watson Smith, "My sister, Connie Watson Hannah, who I figure was in the class of 1943, died on November 23, 2019, from pancreatic cancer after a long and very active life, in Goleta, California. She was in her 95th year. She had been chosen as a Distinguished Alumni, along with the Rothermil twins, but being in my 90th year myself, I can't remember the date. Her other sister, Doris Watson Napier, and her brother, Richard (Dick) Watson, and I enjoy remembering our years growing up in Bay Village as we read The Shoreline."

1970 Jennifer Teschner, "Happy Bay Memories! As a Rockette, I remember being out in the middle of the football field when the band switched songs. I'd been away for the summer and hadn't learned the routine yet. Trying to wing it out there gave my parents a good laugh."

1973 Jeff Michels, "Hope to see my classmates at the 50th reunion in 2023."

1977 John Rush, "Dr. Rush and our family lived in Bay Village from the late 1950's until around 1978. He was a strong supporter of a variety of Bay High School sports teams, including being available as a physician for students that were injured participating in sporting activities, such as football and basketball games. He made a considerable donation towards the current football stadium (around 1970?) and I think he might still have his name on a plaque (if not yet torn down!) At the time he probably did not know that many of his kids would

make great use of the facility, including Mary Sue who helped jump start the women's cross-country team at Bay ('76), and Sally ('78) who competed for Bay in the State Track meet in the 880-yard run. I also ran cross country and distance events in track ('77). Ginny started at Bay High and did field events (shotput) before our family moved to Grafton. Several of us were also active in the marching band, utilizing the facility in the football half time shows."

Looking for Fourth Generation Bay Grads!

There are many 3rd generation Bay grads, but if you are a 4th generation Bay grad, BAF wants to hear from you! Please contact Cristine Marco Hoffmann '75 at: cmmh75@gmail.com. BAF would appreciate your family generational stories for the Shoreline!

"Music" cont'd from pg 2

greatest accomplishment may be his victory in the staff vs. students dodgeball game, during which the rest of the high school discovered that "band is a sport too," which the horn section shouted as Mr. Allen single handedly knocked student after student out of the game.

Earlier this month, the Bay High jazz bands and the Bay Middle School Jazz Band gave excellent performances at the Big Band Bash. The Bash featured trombonist Chris Anderson, who is a member of the Cleveland Jazz Orchestra and is recognized nationally for his performances and his work bringing music education to students in the Cleveland and Akron schools. BMB sponsored Mr. Anderson, who rehearsed with the high school and middle school jazz bands and then performed solos with each band at the concert. The BHS Jazz Ensemble also performed a gig at the Bop Stop jazz club in Ohio City in January, during which they opened for the Skatch Andersson Orchestra and performed with nationally recognized tenor saxophone player Ralph Lalama. Mr. Allen is the drummer for the Skatch Andersson Orchestra.

Unfortunately, the Bay Village City Schools music program has been affected by the COVID-19 situation. The Bay High School Acappella and Treble Choir were set to travel to Nashville, Tennessee for performances and educational experiences, but the trip had to be postponed due to the spread of the virus. OMEA had to cancel the middle school Solo and Ensemble contest and the Region 4 Middle School Honors Festival. In addition, students in pit orchestra and the cast of "Shrek: The Musical" were unable to perform the play, which may be rescheduled if possible.

The Bay Music Boosters supports all of the music programs in the district. Funds are provided for clinicians to work with our students, buy instruments for band and orchestra, furnish music and uniforms for choir, and provide volunteers. Because of the community's unflagging support, the Boosters are able to help the Bay Schools' music programs continue their traditions of excellence. For more information and a full schedule of performances or to donate to support your Bay High music program, please go to the [Music Boosters' website](#). ~ *David Johnson, Music Boosters President*

"Message" cont'd from cover pg

The Alumni Foundation has been busy – the scholarship committee has reviewed applications and read essays and have chosen 3 very worthy recipients. The March Madness bowling event to raise money for scholarships had to be postponed but will happen in August. Many thanks to all who bought tickets and to the committee that had to scramble to change the plans. We will look forward to a great event and seeing many of you then! A few classes are planning reunions this year and of course, we look ahead to homecoming in September.

The Home of the Rockets campaign has been successful in raising \$1.1 million but the push is in full swing to raise the final \$200,000 so we can break ground this year. Many alums have donated either through BAF or directly to the campaign and I'm grateful. This building is long overdue and will be a real asset to the high school facilities and community. If you haven't donated, please help if you can. All of us benefitted from the support of those who came before and a community that made sure we had what we needed.

I hope wherever you are, you are safe, healthy, and finding time to smell the roses. Time is still moving at warp speed, even with "social distancing" and fewer places to go. When I look at the calendar and realize that it's the year 2020, it's hard to imagine. Twenty years ago we were all sure the sky would fall with the threat of Y2K – that 20 years flew by at warp speed! When I graduated in 1966, the year 2020 sounded like science fiction! Blessings to all as we navigate through this current challenge.

Michelle Safarz, Science Educator

1974 - 2020

Michelle (nee Preisel), age 45. Beloved wife of 20 years to Jason. Loving and devoted mother of Caroline and Austin. Dearest daughter of Richard (deceased) and Patricia (nee Kachmarik) Preisel. Dear sister of Melissa Ode (Chad). Cherished aunt of Cole Ode. Also survived by aunts, uncles, cousins, many dear friends especially her students and staff of Bay High School, along with "Shelby."

Michelle Safarz, passed away unexpectedly in January, but she leaves two decades of students inspired by her passion for science, as well as many friends and colleagues inspired by her sense of humor and kindness.

Mrs. Safarz began working at Bay High in 1999 and quickly became a popular teacher with both her students and Bay High staff members. She remained a student of science in order to bring current knowledge in the field to her classroom. In addition, she studied to learn best practices for teaching technical reading skills and for motivating students to succeed.

In addition to her role as a science teacher, Mrs. Safarz guided students for several years as an advisor to Key Club and as a Drama Club advisor. She won a Bay Education Foundation grant for a Ronald McDonald House dinner project. Mrs. Safarz also served as a mentor to younger teachers over the years.

The students and staff of Bay Village Schools extend their heartfelt condolences to the family, friends and colleagues of Mrs. Michelle Safarz who in her own words "worked as a teacher to make the world a better place." We know she made Bay High and Bay Village Schools a better place through her 20 years of dedication to our district.

Martha Ann Zimmerman, Science Educator

1928 - 2020

Martha Ann Zimmerman (Marty), 91, of Cuyahoga Falls, OH passed away peacefully on January 12, 2020. She was born June 30, 1928 to the late Drs. Charles and Pauline Heibert at Akron General Hospital. She was preceded in death by her husband of 46 years, Arthur (Art) as well as her brother, David, and her sister, Ruth. She is survived by sons, Paul (Maura), Peter (Colette), Philip; daughter, Polly (Bev); also surviving her are four loving grandchildren, six step-grandchildren, and two great grandchildren. She lived a full and rich life. She was a graduate of Hiram College. After raising her 4 children, she went on to teach science at Bay Middle School until her retirement in 1995 when she and Art relocated from Bay Village to Cuyahoga Falls. She enjoyed gardening, loving her array of pets, her involvement with the Pilgrim United Church of Christ, and spoiling her grandkids. Announcement of funeral arrangements will be forthcoming.

Bay Alumni Foundation Holds Class Funds

Are you tired of monthly bank fees eroding your class fund balances reserved for future reunions? If so are you aware BAF holds funds for classes without any fees. We want to make sure you are aware of this service if you are planning future reunions or thinking about making a donation for projects. It is as easy to use as having the class rep. check with the BAF treasurer on what funds are available, requesting a withdrawal or depositing more class funds. Separate accounting is made for each class. Many classes currently use this service for funds left behind after graduation or reunions. Contact Bill Smith '71 for more information at bsmith@meadenmoore.com.

We currently hold funds for the following classes: Early Alumni, 1963, 1966, 1979, 1994, 1996, 1997, 1998, 2004, 2005, 2006, 2007, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, and 2017 ~ **Bill Smith, BAF Treasurer**

Lynn Mead, Bay Educator & Wrestling Coach

1947 - 2020

Lynn "Chico" passed away Wednesday, March 4, 2020 at the Wings Home in Allegan. He was born October 2, 1947 in Owosso, the son of Linford and Shirley (Fivecoat) Mead. Lynn joined the Peace Corps where he met the love of his life, Barbara Repp. They were married June 20, 1970 in Puno, Peru. Lynn had been a teacher in Peru and also in Bay Village, OH where he was also the wrestling coach. After his teaching career he worked as a chemical engineer for Praxair in both their Cleveland and Chicago offices. In his free time Lynn enjoyed hunting, fishing and coaching his children's sport teams.

Surviving are his wife; children, Thad (Catherine) Mead of Illinois and Christina (Chad) Bowles of Vicksburg; grandchildren, Zachary Mead and Jackson and Maguire Bowles; siblings, Mary (Tom Ferand) Skym, Judy (Rick) Magyar and Tim (Janis) Mead along with several nieces and nephews. He was preceded in death by his parents and brother, Mark Mead.

With great sadness, BAF announces the loss of the following alumni and educators:

1943 Connie Watson Hannah: Nov 23, 2019	1959 Jane Beckett Rock: Mar 5, 2020
1944 Ray Passon: Apr 22, 2017	1961 William Gall: Dec 26, 2017
1946 Mary Ann Pimsner Paradise: May 28, 2017	1971 John Bell: Feb 27, 2020
1948 Roger Kittinger: Nov 23, 2018	1974 David Davies: Oct 7, 2019
1956 Marlene Wenzel Burkhardt: Mar 6, 2020	1975 James Quarick: Feb 25, 2020
1956 Robert Metz: Dec 29, 2019	1978 William Borchert: April 17, 2017
1956 Wayne Reese: Mar 10, 2020	1982 Miriam Wagner Hansz: Jan 29, 2020
1958 Bill Crates: Jan 27, 2020	1988 Lisa Curran Gray: Feb 26, 2020
1958 Warren Meilander: Jun 21, 2015	Educator Lynn Mead: Mar 4, 2020
1958 Bill "Wick" Walters: Mar 2, 2020	Educator Michelle Safarz: Jan 11, 2020
1959 Mary Em Fretts Bailey: Jan 25, 2018	Educator Martha Zimmerman: Jan 12, 2020

If you know of the death of a Bay High alum, please email the date of his/her death and what class year they graduated in to BAF at: bayalumni@att.net with. The only way BAF finds out about the death of one of our Alumni is from our Alumni community and someone letting us know. Thank you!

Where Do Your Donations Go?

- Unrestricted gifts go to the general fund and support homecoming activities, senior field day and the Shoreline publication and other operating costs.
- Purpose restricted gifts go for a specific purpose such as scholarships or Field of Dreams (stadium renovation).
- The permanent donations go into the endowment fund and the original amounts cannot be spent but must be invested with the investment income earned on the endowment going back into the general operating fund.

"History" cont'd from cover pg

In Chardon at their Geauga County Maple Sugar Festival, in the old days, there was a twin contest in the Methodist Church. In 1939, when my sister Gay and I were 2 years old, the family went to the festival. It was the second year for the twin event. There was a contest for the oldest and youngest twins. Gay and I won for the youngest twins there. We had our picture taken on the laps of the oldest set of twins. The picture was in the Cleveland News. I still have the newspaper article, my letter of entry and the pamphlet of events from the festival. I also have a silver cup I won for being the youngest twin there.

Our family still loves the "real" maple syrup on our raspberry pancakes for breakfast (raspberry pancakes being the family favorite). One summer we went to Lake Penage, Canada, on vacation and ate blueberry pancakes (made by the Indians) each morning. Back home, we didn't have blueberry bushes but did have lots of raspberry bushes and a tradition was started.

The sap is running. Enjoy the "real" thing. ~ Kay Laughlin '55
